Fuel Surcharge August 2019

The fuel surcharge on local transport remains unchanged for the month of August.

Continuing Port Delays and Vessel Omissions

We are still experiencing delays at all Transnet ports due to a combination of bad weather, equipment failures, and the go-slow by Transnet staff. The situation has reached a point where the shipping lines are having to omit planned stops in order to avoid the delays that are becoming excessive. Please see attached notification from DAL Shipping Line regarding this.

As we receive updates from the shipping lines we will advise affected clients accordingly. If you have any concerns regarding your shipments please let us know.

We thank you for your continued support and partnership
