**18 September 2019**

## **TRANSNET SYSTEM FAILURES**

The attached communication from Transnet refers.

Please note that Pier 2 is battling persistent technical issues. The service providers are working on an interim solution but currently the system is on standby and therefore no containers can be released.

Truckers have been advised not to dispatch any trucks until 22h00 this evening as the staging area is full and currently the queue of trucks overflowing into Bayhead road is approximately 3km long.

We are in constant communication with our trucking partners and are advising clients whose cargo will be affected by this.

If you are concerned about any particular shipment, please feel free to contact us at any time.

We thank you for your continued support and partnership
