1. Tariff Amendments – 23 August

Please note that no relevant tariff amendments have been published today.

2. Possible General Rate Increase (GRI) Mid-September – Far East Trade Route

Please be advised that once again shipping lines on the Far East Trade route are advising of their intention to apply a GRI from 15th September sailings onwards. As always, we at SCT fight these GRI's with our preferred carriers and attempt where possible to prevent or limit them. We can advise that we are in detailed discussions relative to these latest notices and will advise the outcome shortly. However, as an advanced warning we note their intention is to apply a GRI as follows:

US\$ 200 per 20' standard container

US\$ 400 per 40' standard and high cube container

US\$ 400 per 40' non-operated reefer container (NOR)

We thank you for your continued support and partnership
