**4 October 2019**

## **Contents:**

1. Tariff Amendments – 4 October
2. Durban Port Update
3. Port Disruption in Italy

### **1. Tariff Amendments – 4 October**

Please note that no relevant tariff amendments have been published today.

### **2. Durban Port Update**

Though we have seen some improvements and waiting time for trucks has returned to acceptable levels, Durban Port is still experiencing intermittent technical issues.

### **3. Port Disruption in Italy**

Please note that during 13 October and 4 November 2019, the Genova Voltri Ramp Port Terminal will be extended and portions re-built. Trucking movement during this time will be severely limited. It is also expected that movement during the weeks before and after the work will be restricted.

Please take note of this and advise us of any upcoming shipments planned out of this port, if you have not already done so, in order for us to make contingency plans and ensure that our clients are not adversely affected by this.

We thank you for your continued support and partnership
