Airline Ground Handling Tariff Increase

Please note that although the industry standard is to revise tariffs annually in March / April, the main handling agent in South Africa has taken the decision to increase their rates as of the 1st of January 2020.

We are happy to advise that the increase has been kept to a minimum, please note that the following charges will apply to air freight arriving from the 1st of January onwards:

	Rate as at 1 Jan 2020	Increase from Current Tariff
Airline Handling	R1.05 / kg, min R450	R0.08 / kg, min R50
Bulk Split Fee	R45 per package	R4 per package

Should you have any queries please don't hesitate to contact us at any time.

We thank you for your continued support and partnership
