**Confirmed: Office Closures in China Extended due to Coronavirus Outbreak**

Further to our earlier communication, Cargo Partner China have confirmed that business is only expected to resume on the 9<sup>th</sup> of February as opposed to the 3<sup>rd</sup>. Please note that this date is provisional and the shut down could be extended as the Chinese government works to control the outbreak.

We ask that if your suppliers are working and there is cargo which needs to move that you advise us as early in the process as possible. Many of their team members are able to work from home and will do their best to accommodate requests but we ask that you please be mindful of the situation when planning orders during this time.

Should you have any questions or concerns please don't hesitate to contact us at any time.

We thank you for your continued support and partnership
