

NEWSFLASH

62 Old Main Road Kloof, 3610; Tel: (0)31 8180320; www.sctsolutions.co.za

As a follow-up to our previous newsflash warning re the fraudulent use of “essential” service provider DTI certification from CPIC – please note the attached serious warning being issued. With respect we point out that certificates have been issued through the website with little accreditation check at the time in order to facilitate genuine business transactions with immediate effect, but these are being audited post issue and as you can see fraudulent “non essential” service providers are being prosecuted. Police are stopping many containers as they leave the port to do random checks. Please ensure adherence to all regulations and ensure if you are in possession of these certificates that they are used through us with caution and ensure at all times they are used for correct declaration.
