COVID-19 QUARANTINED VESSEL - ITAL LIRICA V106W

Please note the below notification received from COSCO, we have dealt with line management both locally and at the COSCO Head Office in China in an effort to try and find a solution for the cargo stuck on board. Our efforts have included requests to be given permission to take the cargo off the ship and make alternative vessel arrangements to destination. It has however been confirmed to us that the vessel is strictly quarantined for both personnel and cargo movement and no freight will be permitted to be discharged under any circumstance until the quarantine period is over and the vessel is released by health officials. Our concern is that the published period of quarantine is an estimate only and possible further delays could be experienced. We are following this closely and have updated all clients with cargo on this vessel.

Quote

Dear Customers

We regret to inform that our vessel ITAL LIRICA V106W, will be delayed in arrival to Durban from initial eta 09th August

Revised eta 25th Aug

Due to a case of COVID detected on board and the vessel is now quarantined in Hong Kong
