25 March 2020

## **Clarification from SARS**

Please see attached communication from SARS. They confirm that they are classified as an essential service and will continue to operate. Inspections on queried shipments will continue, but priority will be given to essential goods.

We note that while they may be operational, we do expect delays when processing shipments and queries.

Our Customs Team will be fully operational during the lockdown and will continue to process shipments as necessary and in line with government restrictions.
